Christopher Reyes

Re: Palo Alto College – Ozuna Library

Dear Mr. Reyes,

We'd like to thank you for the outstanding work Gomez Flooring accomplished using your company Professional Flooring Services L.L.C. on our re carpeting of the Ozuna Library. We, faculty, staff and students, are greatly pleased with the timely delivery and excellent quality of work.

Your project management team of yourself and George are certainly to be commended for their professionalism in the construction of this project. We always looked forward to daily meetings with you and George. Your company was always well prepared with the proper answers, or was able to obtain quick, accurate responses. Even with the challenges faced by a fast-track project schedule and a few unforeseen existing site conditions, their efforts and "team" attitude made the construction process both rewarding and enjoyable.

We look forward to working with you on future projects.

Sincerely,

A handwritten signature in black ink, appearing to read 'Christopher Delgado', with a long horizontal flourish extending to the right.

Christopher Delgado
